History — a record of words; of deeds; and of actions. The Class of 1971 will soon become a part of the history of Black River High School. Our words, and our work, are recorded in this book — to become a brief section of the past, as we move out into the world to assume our role in the future. May some highlight of your life in this past year have been caught and recorded in the 1971 Echo.

Editors,
Lou Ann Pomeroy
Terry Stroup

A man who was an educator, a counselor, and most important a friend. Donald Larabee was all of these things to the Class of 1971. An important part of all our young lives; we dedicate our annual to his memory.

Deer hr. South,

To you, the students of Black River High School. Now that the events of the past works are ever, there are a few things that I would like to express to you at the beginning of this school year.

As you know, both Margie and Dad were very close to this school. I believe that as this year is about to start that they would went you to continue with the many drawns blat they had for this school.

Namy people have said that Ind's mass was symmetows with Black River. There are many things that remain as mesories of what my father fild and was trying to do for this school. The scholarship fund in both Margie and Dad's name is one way of preserving what they both wanted for this school. The mesories of some little thing that Dad said to you or same-thing that he has done to help you with a problem, are all tributes to him, as a terrber, administrator, and purhaps above all, as a friend to all of you.

There are perhaps many dreams that had had that may mover be realized; but there are many, many more that can be recomplished with your and your parents help. He wanted great things for this school, as do most of you stitling here today. Now it is up to you to see that some of these dreams came true this year and in the pears to case. There is no list of these dreams to be checked off one by one; only the things that each one of you went to accomplish this year and in the years to use.

I would like to issue to you a challenge, that I think Dad has issued to namy other esseablies such as this. That is, that you strine to do your best in not only your school work, but a crything that you set out to do this year. Try to make this one of the greatest years that Hank River High School has ever seen.

I would also any that you stop everyonce in a while sed resember that my father is welking there right beside you throughout shale or venture that you may start; belging you to make it a tresembous success.

Our feedly sould like at this time to express our thanks to you and to your parents for all the prayers and the thoughtfulness that has been extended to us. We really appreciate all that has been done.

God Eless you all and Good Luck

#### Friends

I was approached the other day by a member of the BRHS yearbook staff and asked, "What is the most rewarding part of your job?" My answer was, "The triends I have made among the young and adult people of Black River Local School District."

I offer this challenge to the young people represented in this yearbook, Strive to be friends with all you meet!

Monetary wealth may be lost or spent; materialistic goods may be stolen or destroyed, but true friendship shall endure forever.

As you go through life retain your old friendship and develop new ones. Remember, to gain a friend you must be one! A very famous poet once stated his philosophy of life as "let me live in a house by the side of the road and be a friend to man."

I can truly say this philosophy prevails among the young people and adults of Black River District and I thank you for being my "friends."

Mr. Smith, Superintendent

### What is the most rewarding part of your job?

J. P. South, Principal

The most rewarding part of my job is two-told. Working with the dedicated members of the faculty whose first concern is the welfare of the students, is one thing that is rewarding. Working with the young leaders of our school is the other part of the job which is rewarding. The young people, who are the real leaders of our school, who work diligently, who think of others, who try to do what is right, who are truly interested in getting an education, keep alive my faith in the young people of America in general, and the young people of the Black River School District in particular

# "OHIO" I Love You

My life in Ohio is going to be the yesterday that I'll never want to forget

The snow, the cold, the rain and the sun. All those beautiful days of happiness, they will never leave me.

My life with my family, Moin and Dad. Jim and Terry, my lovely home. They were part of my sunny days, they make me happy, they make me always smile

Black River, friends and teachers; every day they help me, every day they give their friendship Basketball games; when we won and when we lost, Every day is in my heart.

Ohio, you will be part of my yesterday, and I am going to take you always with me.

Mr. South and Ana

# Clear skies. Clean waters. Just an hour away.

Escape. Break away. Leave city problems behind Come to Cinnamon Lake this weekend

And then you may be coming to Cinnamon Lake any weekend. Or any day. For the rest of your life

Because, as sure as you live and breathe. Cinnamon Lake can make your future brighter

Cinnamon Lake is being developed to provide you with instant recreation, in clean invigorating surroundings. A place where you can fish, sail, swim, picnic, camp, hike, snowmobile and ice skate. There'll be playgrounds for your children, a lodge for gatherings

And it's all private. Only those lucky people who own a lot at Cinnamon Lake will enjoy its pleasures. You can build on your lot. Or not. Either way, you have

the use of all Cinnamon Lake facilities

A Cinnamon Lake lot is a good investment, too. From a financial viewpoint, as well as for the joy it will bring you. Because Cinnamon Lake is another development by Avland, a subsidiary of Avco. So you can depend on it being completely developed and well maintained.

Now is the time to buy your lot at Cinnamon Lake. Now, as construction is just beginning During this pre-opening period, prices start as low as \$3000. You have your pick of sites And you can start enjoying your property now, for family outings in the clean fresh air Get in at the beginning. Come to Cinnamon Lake this weekend. For a preview showing of its future. And of yours. And to catch your breath

# STERLING FOUNDRY CO. I want my boy to have

all the advantages I can give him

Such as having to earn his own allowance by running errands, cutting lawns.

Such as getting good grades in school — getting them because he wants to, and because he knows what it would do to me if he didn't.

Such as being proud to be clean and neat and decent.

Such as standing up and standing proud when his country's flag goes by.

Such as addressing elder friends of his parents as "sir" and "ma'am".

Such as having to earn his own way in the world and knowing he has to prepare for it by hard work, hard study, and sacrificing some of the pleasures and ease his friends may get from tooindulgent parents.

These are the advantages I want my son to have, because these are the things which will make him self-respecting and self-reliant and successful. And that is the happiness I want him to have.
